Speed Records by Location

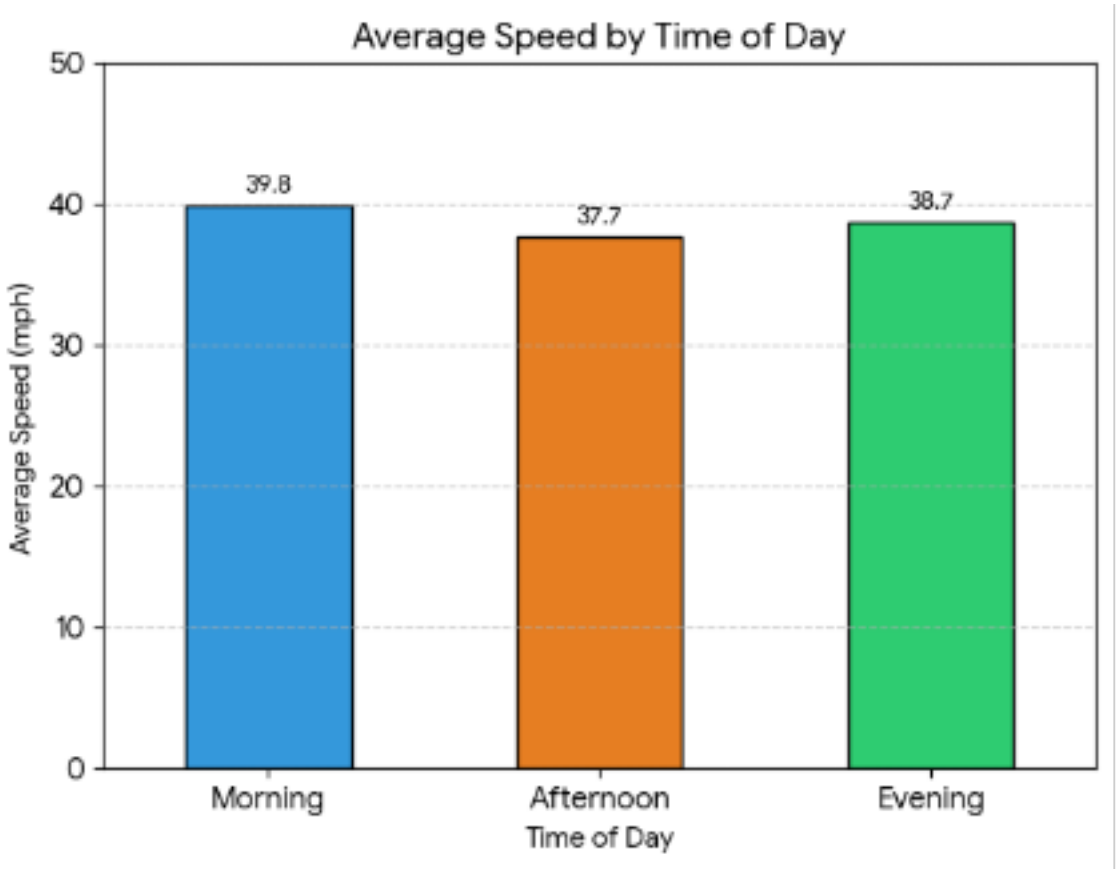

The chart below shows how speed readings fluctuated across the different dates and times listed in your data. Note that **Grafham Road** has the highest recorded speed at **46 mph** on April 7th.

Data Summary

Location	Date	Average Speed	Max Speed
Grafham Road	Multiple	39.1 mph	46 mph
Thrapston Road	06/05/2026	38.7 mph	40 mph

Here is your data grouped by the time of day. I've categorized the times into **Morning (before 12:00), Afternoon (12:00–17:00), and Evening (after 17:00)**.

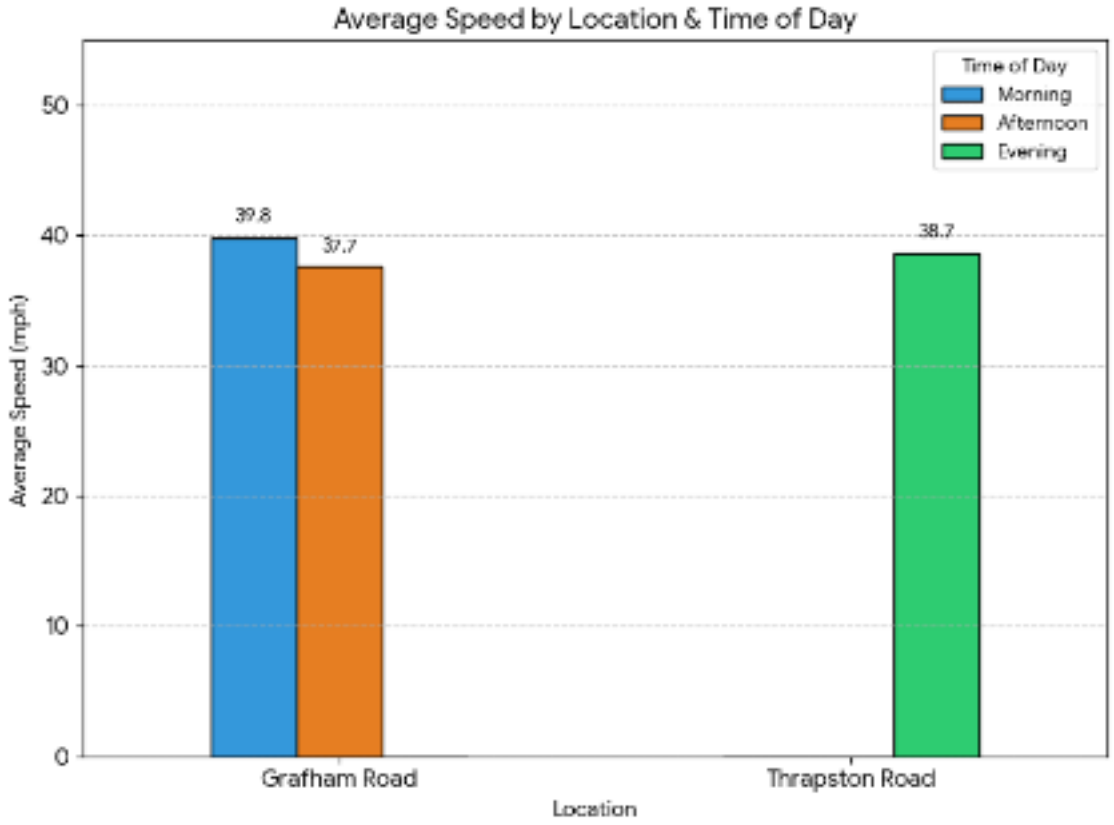

Averages by Period

- **Morning:** 39.8 mph (Based on 6 readings)
- **Afternoon:** 37.7 mph (Based on 3 readings)
- **Evening:** 38.7 mph (Based on 3 readings)

The **Morning** period shows the highest average speed, largely driven by a peak of **46 mph** recorded on Grafham Road.
Would you like to see this broken down by **specific location** (Grafham vs. Thrapston) for each time period?

Here is the speed data broken down by both location and time of day.

For **Grafham Road**, we have data for both the Morning and Afternoon, while all **Thrapston Road** readings were recorded during the Evening.

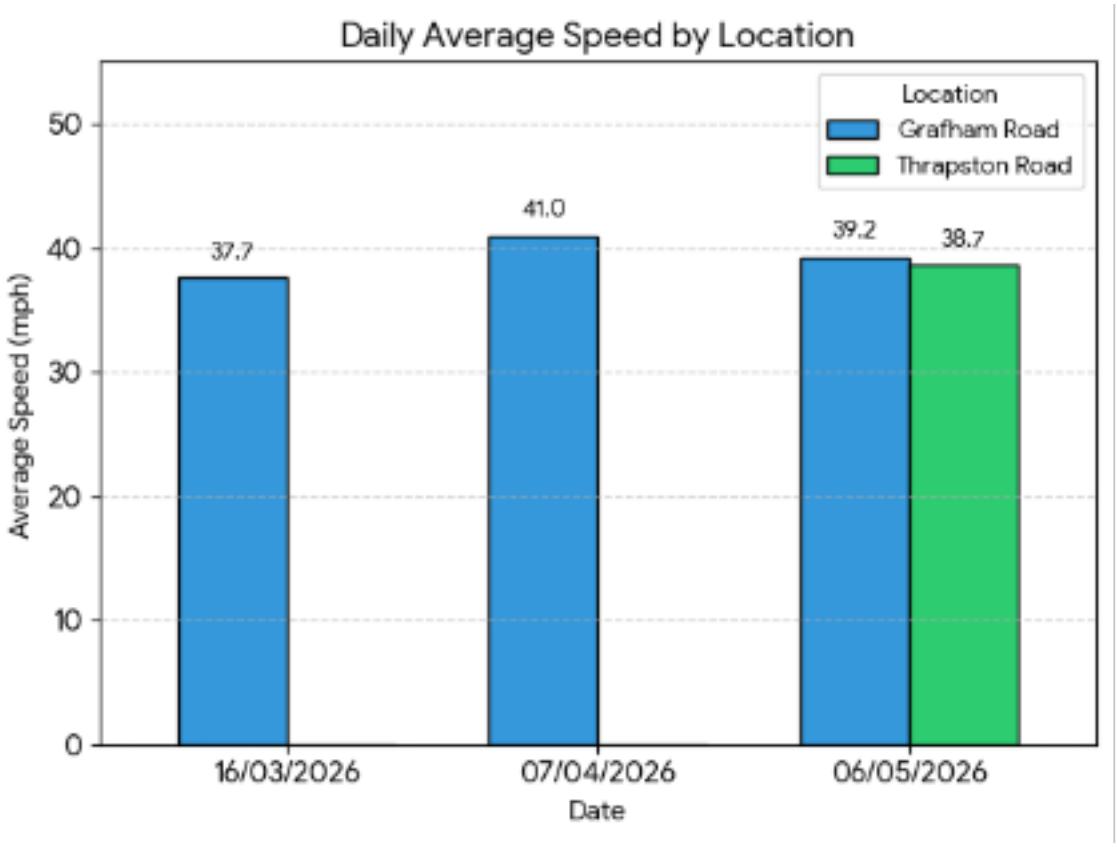

Quick Findings

- **Grafham Road (Morning):** 39.8 mph avg — This remains the highest average across all categories.
- **Grafham Road (Afternoon):** 37.7 mph avg — Speeds here are slightly lower later in the day compared to the morning.
- **Thrapston Road (Evening):** 38.7 mph avg — All three readings for this location were taken between 17:29 and 18:01.

Would you like to see a **day-by-day comparison** for Grafham Road to see if traffic patterns vary between the dates listed?

This chart compares the daily average speeds for **Grafham Road** and **Thrapston Road** across the three dates recorded in your table.

Observations

- **Grafham Road** shows an upward trend in average speed, starting at **37.7 mph** in March and peaking at **41.0 mph** in April.
- **Thrapston Road** only appears in the records for **May 6th**, with an average speed of **38.7 mph**, which is slightly lower than Grafham Road's average for that same day (**39.3 mph**).
